Work Experience

Waitress

Jailhouse Tavern - Orleans, MA

April 2019 to Present

I started in the Spring as a very rookie Waitress to any restaurant. By the time the Fall came around I was responsible for two opening shifts on the weekends that often turned into doubles, where I often worked alone for the lunch shift. I was responsible for checking side work at the end of night shifts, and being someone the restaurant could call on to fill in for shifts or just add another body to. It was a typical waitressing position, just I took pride in it.

- Kept the restaurant clean and sanitary
- Set up payments by POS
- Checked on guests frequently
- Served food
- Took orders
- Welcomed patrons as they arrived
- Handled a high volume of customers regularly
- Bussed tables

Hair Stylist

Abercrombie Hair Design - Orleans, MA

June 2018 to April 2019

As a hair stylist I've had the opportunity to not only work with the general public on a daily basis but also learn other tasks that come along with a small business. I've learned how to do payroll reports, received and checked invoices, and shipped packages back that have been incorrect or missing items.

I've been responsible for light cleaning jobs and laundry. And most of the time I am the voice of the business when the phone rings.

Cosmetology Instructor

Michael's School of Hair Design & Esthetics - Paul Mitchell Partner School - Bedford, NH

February 2013 to May 2018

For the five years I worked for the school, I carried out numerous different rolls. When I first joined the team, I worked for the admissions team recruiting new talent. We worked with a system called the CRM that u checked daily. I would make phone calls, return emails, mail out important information, and bring people on tours of the facility when they came to visit.

When I moved from the admissions team to the education team, I took on other responsibilities of class scheduling and preparation, attendance for students, grades, phone calls with parents, and a ton of work with copy machines.

I've been sent to Arizona and Chicago for trainings to further my skills both as a stylist and employee. I was responsible for various fundraising activities including, a drive to raise supplies for kids who are a under privileged to go to school with.

I was excited to receive Staff Member of the year for 2015 by my peers and work friends. My time spent working for the school taught me so much more than just cosmetology and I think that now shows through my work ethic and transferable skills.

Education

Michael's School of Hair Design & Esthetics - Paul Mitchell Partner School in Cosmetology

Bedford, NH
